Admin view

ListView

Anchorpane

Buttons

The diagram illustrates an 'Admin view' interface. It is divided into two main sections. The left section contains a 'ListView' with eight rows, each representing a user: 'User one', 'User two', 'User three', 'User four', 'User five', 'User six', 'User seven', and an empty row. The right section is an 'Anchorpane' containing a form. At the top of the form are two buttons: 'Create user' and 'Delete user'. Below these buttons is a 'Textfield' labeled 'username'. At the bottom right of the form is a 'logout' button. Red arrows point from the labels to their respective UI elements.

Create album dialog

A light gray rectangular dialog box with a thin black border. Inside, the text "Enter album name" is positioned at the top left. Below it is a gray rectangular input field with a black border, containing the text "Album name". At the bottom center of the dialog is a light blue rectangular button with a black border, labeled "Done".
